

Bimoba Students' Union on the Current Hostilities in Kpemale-Nakpanduri

The current hostilities in Kpemale-Nakpanduri between Bimobas and Konkombas over a parcel of land, has been noted with grief by the Bimoba Students' Union (BISU).

BISU appeals to both factions in the conflict to cease hostilities immediately to avoid the further loss of innocent lives and properties in the area. Bimobas and konkombas are one and there is no need to find ourselves in this current unfortunate situation.

BISU also calls on government to ensure that there is an urgent military intervention in the area to ensure that the issue does not escalate to a level beyond control. BISU also wish to state that the situation where radio stations carry on their airwaves that the situation was under control when in the actual fact destruction of property and lives was on going in the town was unfortunate.

Sustenance of peace is a collective project and should be pursued religiously by all stakeholders without betrayal.

Konlan Biaka Prosper
BISU President
